Dear Prof. Dr. Hinrichs,

At the time that the 2019 application for Text+ was submitted, I expressed my willingness to assume responsibilities as a member of an initial Scientific Coordination Committee (SCC) or Operations Coordination Committee (OCC) and to be an active participant in Text+. This continues to be my intention and so this letter is a formal expression of my commitment to contribute relevant knowledge and skills to the design, management and operation of Text+, the research data infrastructure for language and text-based data.

In particular, I would be happy to engage in the Scientific Coordination Committee for the area of collections, which I will chair in the first term. This committee is part of the governing structure of Text+ and will regularly meet and discuss the priorities, workplan and progress in this data domain.

Kind regards,

Prof. Dr. Sandra Richter
